

FOUNDATIONS

Luxury is never plain, and our Foundations collection is the perfect illustration. It turns solid-color rugs into essential pieces that set the perfect tone for any project. Made with the highest quality materials and the most incredible textures, they serve as indispensable starting points that work in rooms of any style.

Colors—both fashion-forward and gorgeous neutrals—consist of shades that enhance the fibers and construction, while borders and proportions can be endlessly customized and reinterpreted for each new project. We'll continue adding new hues, materials, and constructions on a regular basis to expand this toolkit of reliable pieces that you'll turn to as often as your favorite paint shades.

EAVE

HAND-KNOTTED SILK & WOOL

A standout essential, Eave is an incredibly luxurious solid-colored Tibetan hand-knotted wool that's versatile and adaptable by careful design. Its customizable proportions and fine silk border demonstrate the beauty of color fields, while the pile is high and plush but not impractically so, and the palette includes only shades that enhance the fibers and construction. It's an indispensable piece that can be reinterpreted again and again.

DORIC ALLO

HAND-KNOTTED ALLO

This luxurious solid-colored rug is designed to show off the intrinsic beauty of allo, a natural fiber that comes from the nettle plant. The hand-knotted construction is done in cut pile with a contrasting loop border that highlights the fiber's soft luster. When dyed, allo's natural warmth produces beautiful, muted shades for a standout essential that can be reinterpreted again and again.

DORIC LINEN

HAND-KNOTTED LINEN

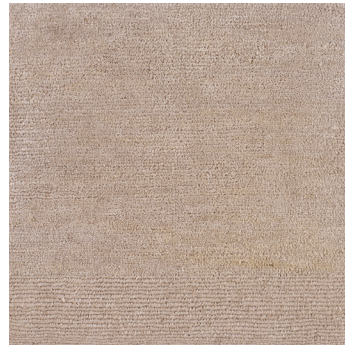

Doric Linen is a luxurious solid-colored rug that's designed to show off the natural beauty of linen, a natural fiber that's both eco-friendly and remarkably strong. When dyed, linen's gorgeous natural color variations impart a muted quality with a sunwashed effect. The hand-knotted construction is done in cut pile with a contrasting loop border that highlights the fiber's soft luster.
